We have recently made such changes in our Manufacturing Department as will concentrate them, so as to enable us to carry on the business with less expense, and shall consequently reduce the price of our Goods in the same ratio.

Our customers and the public generally will find that our motto of

"Large Sales & Small Profits,"

Will be strictly adhered to in the future, as in the past, and it will ever be our aim to supply them with the

BEST GOODS, AT THE LOWEST POSSIBLE PRICE.

Our acceptable, agreeable and fair way of dealing on the Loan system, is fully exemplified by its tremendous popularity and success during the past season. It is considered by all unbiassed minds as one of the greatest blessings and advantages to those of moderate means, and the plan is on the same principle as that in our Savings Banks, where they loan money on colateral security, and the benefit derived from it can be testified to by thousands of families who are thus placed in possession of comfortable and even richly-furnished dwellings, by our system of weekly and monthly payments.

BANKING HOUSE OF

FISK & HATCH,

NO. 5 NASSAU STREET,

NEW YORK, March 1st, 1872.

We are selling the

Chesapeake & Ohio Railroad

First Mortgage 6 per cent. Gold Bonds at the rate of 94 and accrued interest. They are in denominations of $1,000, $500 and $100, registered, or with coupons attached; **interest payable** May and November **in United States gold coin**; principal payable in 1899, also in gold coin. Bonds delivered by Express, charges paid.

These bonds, beside being the formal obligations of a well-established, substantial and thoroughly responsible corporation, comprising among its officers and directors some of the **most experienced and trusted capitalists** and business men of the country, are also secured by a **mortgage lien upon the whole great railroad line, equipment, property and franchises** whose cost and value will not be less than thirty millions, and which is destined, at an early day, to have a productive value of nearly double this sum.

The Chesapeake and Ohio Railroad connects the deep water navigation of the Chesapeake Bay with the head of reliable inland navigation on the Ohio River. It is 427 miles in length, of which **nearly three-fourths is already** in operation, and the remainder under such rapid construction that it will be completed during the ensuing Summer.

This line furnishes a short and remarkably easy route for travel and transportation between the Great West and the Atlantic coast, and as such will share, on advantageous terms, to a large extent, in the vast volume of through business from the West which now taxes all existing means of transit. By means of connecting lines, now under construction in Ohio and Kentucky, it will afford the **shortest and cheapest route** between Cincinnati, Louisville, St. Louis, Chicago, Nashville, Memphis, and the far West and the North Atlantic shipping, and it must at once take rank, therefore, as one of the **Great Trunk Roads** of the country for through transportation.

Besides these advantages it traverses the **richest and most extensive coal deposits** in the country, in its route through the Kanawha Valley, and crosses, in its course, some of the most important and **valuable deposits of iron ore** known on this Continent. The coal, of which there are three varieties, will furnish an enormous and profitable traffic; and there is no doubt that a large manufacturing activity will soon be developed along the line.

$1,000 bond costs (with the back int'st) today $959.99

$500 bond costs (with the back int'st) today $479.99

$100 bond costs (with the back int'st) today $95.99

We buy and sell GOVERNMENT AND CENTRAL PACIFIC BONDS, and receive them in exchange for CHESAPEAKE AND OHIO BONDS at their current prices.

Descriptive pamphlets, with full information, furnished on application.

We receive deposits and allow interest at the rate of four per cent. on balances; make collections in all parts of the country; issue certificates of deposit, and do a general banking business.

Dick Bullen's Ride.

A CONDENSED BALLAD.

"Sing, O Muse, the ride of Richard Bullen." I must fain follow him in prose, afoot.—BRET HARTE, in Atlantic for March.

It was a stalwart miner man
Who dwelt at Sacramento,
He was the dower of Simpson's Bar,
He rode a "hoss from Pluto."

Dick Bullen was the miner's name,
His mare's name was Jovita,
A vicious animal she was,
But never was a fleeter!

There was a boy at Simpson's Bar,
The miners called him "sonny;"
He was a wicked little boy,
His Christian name was Johnny.

His favorite amusement
Was throwing sticks and stones
At any passing Chinaman,
Regardless of his bones.

This boy fell sick on Christmas eve
With chilblains on his toes,
And rheumatism in his back,
And snuffles in his nose.

And as he lay upon his bed,
With chills and fever rocking,
He said he wished that "Sandy Claws
Would come and fill his stocking."

Now Dick, who had a tender heart
For sickly little boys,
Resolved he'd go to Tuttleville
And buy a lot of toys.

Dick Bullen said unto his mates:
"'Tis twelve o'clock at night,
But I must travel fifty miles
Before the dawn of light."

"Now bring me out the yellow mare
And saddle her," he cried,
"For I, before the dawn of day,
Have fifty miles to ride."

He rode like Carson on his mare,
He rode like Sheridan,
Like him who brought good news from Ghent,
Or —— any other man.

Jovita stumbled on her track,
Jovita backed and shied,
But at the Creek of Rattlesnake
She swam the swelling tide!

O'er ditch and hollow on she sprang,
She spurned the gravelly ground,
Beneath her feet the mountain rang;
Her rattling hoofs resound.

Red mountain soon was far behind,
And, ere the clock struck two,
The lofty spires of Tuttleville
Were looming into view.

Dick bought an India-rubber bag,
Just like a peddler's pack;
He stuffed it full of rattletraps,
And slung it on his back.

He mounted on the yellow mare,
He thundered through the town,
He scrambled up the five-mile hill,
And then he scampered down.

But, woe betide Dick Bullen's ride,
And woe betide the night!
For ere he reached the Rattlesnake
A ruffian hove in sight.

A robber leapt down from the bank,
And, with a sudden crash,
He put a bullet through the bag
And knocked the toys to smash!

Now hurry, skurry, yellow mare,
Nor loiter on thy way,
For I must be at Simpson's Bar
Before the dawn of day!

The stars were paling in the east,
The sky was all aglow,
Dick smelt the fresh approach of dawn
And heard a cock to crow.

The mare she stumbled on her track,
The mare she backed and shied,
But, at the Creek of Rattlesnake
She swam the roaring tide!

Soon Johnny's father at the door
Began to hear a rapping,
And saw Dick Bullen standing there
A peddler's pack unstrapping.

"Hold on, old man," he faintly cried,
His rubber bag unlocking,
"I've got a lot o' gimcracks here,
Put 'em in Johnny's stocking."

Alas! The cow had lost her horns,
The mandarin his head,
The cock-a-doodle ne'er could call
A sleeper from his bed!

The blasted trumpets wouldn't blow,
The drum was split in twain,
And on the painted poodle-dog
"There was a cruel stain!"

MORAL.

All boys who stone poor Chinamen
Are good for nothing boys,
And only get from Santa Claus
A lot of broken toys.

Yet not in vain Dick Bullen's ride,
Nor all in vain his quest,
For nobler than King Arthur's Knights
He bore the crucial test.

And, though his hat was badly crushed,
His face shone like a star
When the full tide of morning blushed
All over Simpson's Bar! S. H. W.

NEWPORT DAILY NEWS.

TUESDAY, March 12, 1872.

NATIONAL UNION REPUBLICAN STATE CONVENTION.

At a meeting of the State Central Committee of the National Union Republican party, of Rhode Island, held on the 24th day of February, 1872, the following resolutions were unanimously adopted:

Resolved, That a State Convention be held in the hall of the House of Representatives, at the State House in the city of Providence, on Thursday, the 14th day of March, 1872, at 11 o'clock, A. M., for the nomination of candidates for general officers, and for the election of delegates to a Convention to be held at Philadelphia on the 5th day of June, 1872, for the purpose of presenting candidates for the offices of President and Vice President of the United States.

Resolved, That the several towns and cities of the State be requested to send delegates to said Convention, equal to, and not exceeding, their representation in the General Assembly.

WILLIAM A. PIERCE, Chairman.
T. A. WHITMAN, Secretary.

The General Assembly resumed business yesterday with a quorum in both branches. The revised laws relating to corporations mainly engaged the attention of the Senate; and the House laid out a campaign on the Title on Fisheries.

The statement going the rounds of the papers of the country to the effect that the western terminus of the Northern Pacific Railroad had been located at North Whatcom, on Puget Sound, is officially denied by the Secretary of the road in a letter to one of our citizens. He says that the road has not been located at any place as yet and will not be till the surveys are all made and the company have an opportunity to judge for themselves as to the most feasible spot.

The liberal Republicans have recently received a powerful accession to their ranks in the person of the Hon. Joseph S. Fowler, of Tennessee, formerly a Senator in Congress, and who, it will be recollected, succeeded in making for himself a rather unenviable reputation when Andrew Johnson was President. Fowler is out in a long address to the Republicans of Tennessee in favor of the Cincinnati Convention, and of course against President Grant. What a curious gathering that convention, if it should ever be held, will be!

The project of nominating a Southern man for Vice President, in case Trumbull receives the nomination at Cincinnati, is now brought forward. Hill of Georgia and Walker of Virginia are mentioned as good men for the office. But it is by no means as yet certain that nominations will be made at Cincinnati. In his speech in defence of the Cincinnati movement, Trumbull disclaimed any knowledge of such intention on the part of those who inaugurated it.

The Western Union Telegraph Company has again asked for higher pay for transmitting the reports of the signal service bureau. The present contract expires May 1. Under it the company get two cents a word for each circuit of 200 miles, but Mr. Orton the president, claims that this rate does not pay the actual cost. The expenses of the signal service are now over $250,000 a year, but it is undoubtedly the universal opinion that it is worth all it costs.

In the United States Senate, yesterday, a bill for a Mail between San Francisco, Tahiti and the Marquesas Islands was reported. The legislative appropriation bill was considered, and the amendment appropriating $50,000 for civil service reform was adopted. In the House the resolution for an investigation of the affairs of the Navy department during the incumbency of Secretary Robeson was adopted, and a committee appointed for the purpose. A bill for the suppression of straw bids in Post Office department was passed. The ways and means committee was instructed to report upon the propriety of abolishing all internal revenue laws and imposing a tax upon the States in proportion to population. The Secretary of War was directed to furnish a detailed statement of the sales of arms and ordnance stores since June, 1865. A resolution was adopted condemning the policy of granting public lands to railroad and other corporations as subsidies.

The Delegation.

The Caucus last evening showed forth clearly the will of the people of Newport in regard to the coming presidential canvass. The resolution favoring President Grant's renomination was adopted without a dissenting voice and immense enthusiasm prevailed whenever his name was mentioned. The meeting was largely attended and if there had been any other opinion in regard to the present occupant of the White House, it would have shown itself. There was an equal unanimity in regard to the present Governor, as well as the Lieut. Governor, after a short discussion in regard to the latter gentlemen and there is every reason why they should be continued in office another year. The delegation we send to the State Convention are men that can be relied upon to work for the interests of both city and State. A better selection could not have been made.

Revolution in Erie.

The telegraph brings news of the overthrow of the Erie Ring and an entirely new management elected in its place. This revolution was effected yesterday, and today Jay Gould, David Dudley Field and others of their stripe are out of employment. The directors met with an apparent purpose of filling vacancies in that body, and after several attempts to break up the meeting by the agents of Gould, Shearman and others, the voting commenced. Gen. Dix was elected a Director, then Gen. McClellan, then Wm. R. Travers, then H. G. Stebbins, then Gen. Devin, then W. W. Sherman, and after that the Board had everything their own way. Gen. Dix was elected President of the Board of Directors, in the place of Jay Gould. O. H. P. Archer was elected Vice-President, W. W. Sherman, Treasurer, H. N. Otis, Secretary, and John W. Hilton was re-elected Transportation Clerk.

Mr. Barlow offered a resolution that David Dudley Field and Mr. Shearman be dismissed as counsel for the Erie Railroad. This was carried, and S. M. Barlow was elected in their places, both for the company and the directors.

A resolution was passed that the Treasurer pay no orders for money, and that all the employes of the Erie road are to pay no attention to any one but President Dix and Vice President Archer. It was then ordered that every sub-officer of the Erie road should be notified of the resolution, and instructed to disobey Gould or old officials.

Education in Great Britain.

The English government for the purpose of carrying out the elementary education act passed last session, has applied to the Prussian Government for copies of all the elementary school-books now used in the public schools of the German empire. It is intended to apply to all foreign governments for copies of books used in children's schools, and we have reason to believe that the government at Washington has already had a communication on this subject.

The Army of Great Britain.

The estimates for the ensuing year for the expenses of the British army have, within the last three weeks, been laid before Parliament. The total amount required is $74,122,500, being a net decrease of $5,156,000 as compared with the sum voted last year. There is a slight diminution in the personnel of various branches of the service. The total of all ranks of the regular forces is 133,649. The effective service will absorb no less a sum than $62,737,000, and the non-effective service $11,385,500. The regular forces are to cost $27,787,000, and the auxiliary and reserve $8,303,500, of which $4,816,500 is asked for militia, and $2,366,000 for volunteers.

Political.

The liberal Republicans of Arkansas will meet in Little Rock, June 15, for organization.

Mr. Lewis Rice has been nominated for the State Senate in Boston, to fill the vacancy caused by the resignation of Assistant Secretary of State Charles Hale.

Mrs. Mary A. Livermore spoke in Manchester, N. H., Saturday evening in defence of the administration and in behalf of the Republican candidates for state officers.

Mr. R. D. Hubbard, the democratic candidate for Governor of Connecticut, according to the Hartford Courant, does not deny the claim of the woman suffragists that he favors their movement.

Mr. Thomas A. Hendricks is likely to be the democratic candidate for Governor of Indiana, since Mr. Daniel W. Voorhees declines the nomination. Mr Voorhees is mentioned for Congressman-at-large.

The Cincinnati "Commercial" says: "The nomination of Davis and Parker for President and Vice-President, by so called laboring men, at Columbus, the other day, was a feeler. The public spirit and sentiment were to be felt by it. Well, the fact is clear that the nomination is a flat failure. Now, what is to be done about it?"

New York Items.

The Internationals will hold a grand mass meeting on Thursday next.

A member of the Bar Association says sufficient evidence is already taken against Judge Barnard to assure his conviction.

The prosecution of the Tammany Ring officials has reached a stage where developements are awaited with the utmost interest. Mr. Tilden, Attorney General Barlow and others have been working like beavers since October last, and accumulated a mass of evidence which fills, it is said, five bushels.

The trial of Mayor Hall could not go on yesterday, owing to the illness of a juror. A certificate from his physician was presented, which recommends that the juror be relieved from duty altogether, as a continuation would endanger his life. The counsel held a long consultation, and the court finally decided to adjourn the trial till Friday, and then ascertain the condition of the juror. If he is then unable to do duty the result will be to break up the trial.

Collector Arthur has published an order breaking up the present monopoly of the general order system, by dividing the city into districts. The new plan is received with general satisfaction. Officers are made responsible for all goods sent from the pier. The collector invites written complaints from merchants regarding any abuse to which they may be subjected. The new plan takes effect March 18.

The rumors of an alliance between Prussia and Italy have but little foundation, not even that of a reasonable ground for supposition. The visit of a Prussian royalist to Florence has been used by some of the European mischief makers as a text from which to preach considerably, but no careful students of European politics will pay any attention to such vagaries. Italy will not have any occasion to quarrel with France, and in that manner to draw upon Europe another catastrophe in the shape of a second Prussian campaign. The Pope is not a casus belli, at best. Thiers and a few infuriated Catholics might possibly be tempted to demand the restoration of the former order of things to Rome, if they had succeeded in paying off the Prussian idemnity; but as it is, they will by no means undertake it. Europe, too, has an interest in not allowing any broils over the Holy See.

The controlling influence in the Union Pacific Railroad Company was transferred, at the annual meeting of the stockholders, from the Pennsylvania Central to the Vanderbilt interest. Horace F. Clarke, of New York, takes the place of Thomas A Scott as president of the company, and Messrs. Clarke, Schell and Banker are directors of the New York Central. The president's report shows that while the revenues of the company for the year have fallen off considerably in consequence of severe storms, the net earnings, through "judicious management," show a handsome increase. The complaint made against the management by the patrons of the road is, that it reduced the working force to such an extent that when the severe winter opened the company was not equal to the emergency, and that the unprecedented length of the blockade was owing in great part to this deficiency,—which this report seems to confirm.

Gilmore proposes to divide his jubilee among the different nations represented. The Boston Traveller says that among the pieces to be performed on the day dedicated to Great Britain will be one for each of the nationalities. They will probably be "God save the Queen," "Annie Laurie" or "Scots wha hae wi' Wallace bled," "The harp that once through Tara's hall," and "The march of the men of Harlech." At some time during the jubilee it is proposed to sing "Annie Laurie" with the tenors taking up the first part, and then allowing the chorus of ten thousand voices to come in on the chorus in a soft tone the whole to be rendered in a pianissimo manner, with an occasional swell, and on the last verse bringing in the whole chorus and orchestra.

ABOUT HOME.

—The streets wear a deserted aspect to-day.

—There was no business before the Court of Justices this morning.

—There is plenty of ice in our harbor yet for all practical purposes.

—Old Probabilities predicts clear weather for this region, about this time.

—The public schools have but one session to-day on account of the storm.

—Robert Minkler, foreman of the Ocean House stables and member of Engine No. 4, died last evening.

—Brig. Gen. A. L. Burdick is always the first to be on hand with his big sleigh; and so he was to-day.

—Nearly all the bands in Rhode Island and a number from Massachusetts have been engaged for the 18th of March.

—Mr. and Mrs. A. Read, of Newport, were passengers in the steamer Siberia from Boston for Liverpool, on Saturday.

—The Republicans of New Shoreham have appointed Nicholas Ball and John G. Sheffield delegates to the State Convention.

—Mr. W. Lyon, son of Joseph Lyon, of this city, and mate of brig Redwood, was badly frost-bitten during the recent cold snap.

—The Block Island mail-boat, due here last Thursday, did not arrive until yesterday. Of course she was not on the "briny deep" all that time, but remained at the island on account of the ice.

—A petition was presented in the United States House of Representatives yesterday, by Mr. Buffinton, of Mass., of citizens of Boston and other parts of that State for a light on Block Island.

—Dr. F. J. Higginson, a pioneer in the anti-slavery cause with Garrison and other Boston philanthropists, died yesterday in Brookline, Mass. He was a brother, we believe, of Col. T. W. Higginson, of this city.

—To-morrow night the Opera House will be occupied by the "Celebrated Mortinetti Ravel Pantomime Troupe." They have received extensive praise elsewhere, and no doubt they will give a most laughable performance.

—Summer has not yet made its appearance, but on the other hand, as the Norwhich Bulletin would say, "Winter still lingers in the lap of Spring," and according to present indications means to stay there all summer.

—There will be two sets of delegates from Little Compton in the Republican Convention on Thursday. Isaac B. Richmond and Frederick R. Brownell have been elected by one caucus to oppose Nathaniel Church and Henry T. Sisson, elected by another caucus.

EDUCATIONAL.—The state educational meetings are being held in this county during the present week. Today the meetings are at Little Compton, tomorrow at Portsmouth, and Thursday at Middletown. Friday, as we have already stated, the meetings will be held in Coddington Hall in this city, and a full attendence is desired.

THE CONCERT.—This evening the Mendelssohn Quintette Club will give their final concert in Newport for this season. We hope that the bad weather will not deter any one from being present and contributing his share towards the expenses of the occasion. We are assured that this concert will be one of their best, and all who do not hear it will lose a rich treat. Mrs. Weston will be there.

ALONE.—We know of a young lady in this city who, rain or shine, always attends her accustomed place of worship. Sunday, being a stormy day and the pastor thinking it not advisible to hold their usual meeting in the evening if it was stormy, gave notice to that effect. The young lady above mentioned, as usual went to the meeting-house, and took her seat but found that she was the only one present. She waited and watched, still no one came, and after remaining for half an hour arose and returned home.

THE STONE BRIDGE.—The Speaker of the House of Representatives, at Providence, has appointed Messrs. R. W. Greene of Warwick, Brown of Lincoln, and Clarke of South Kingston, a special committee on the law in relation to the Stone Bridge in Tiverton. This committee is to report on the petition of the citizens of Little Compton, that the expense of this bridge be apportioned to the five towns of Newport, Middletown, Portsmouth, Tiverton and Little Compton, in proportion to the taxable property of these towns. Upon this petition we have already expressed our opinion.

THE METHODIST ENTERTAINMENT.—The Providence Conference of the Methodist Episcopal Church holds its annual session in this city the third week in this month. The laymen of the city have made provision to entertain the conference, the distinguished visitors who may be present, and such members of the churches as may desire, at Music Hall on Friday evening the 22d inst. The feast will be both intellectual and gastronomical. A supper will be provided of first class character, to be followed by an address, a poem and sundry speeches from the best speakers of the denomination. We call attention to it more because those desirous of participating should purchase their tickets at once. The occasion gives promise of being of great interest.—Providence Press.

CORRECTION.—Serious objections have been made, by parties interested, to an item published in the NEWS yesterday under the head of "Rum again." We have made careful inquiry into the matter and, as near as we can learn, the facts stated then are substantially correct. In that article we said nothing about where they obtained their liquor, and in no way implicated the proprietor of the City Hotel, but too strong a protestation of innocence always bears with it a semblance of guilt, and from a letter we have received from Mr. Burr we are led to infer that the City Hotel was the place where the liquor was drank. If any one else wishes us to make any further explanation in the matter we shall be happy to do so.

Enoch Prescott's blacksmith shop, John B. Dow's saloon and dwelling, and S. Godbout's shoe shop and dwelling, at Lake Village, N. H., were burned yesterday.

The Caucus.

A large and enthusiastic Republican Caucus was held at the State House last evening. The meeting was called to order by Col. Wm. A. Stedman. John S. Engs was elected chairman, and Fred. A. Pratt Secretary. Mr. Fay introduced the following resolutions, prefacing them with a few brief remarks strongly eulogistic of the present administration:

WHEREAS, A State Convention of the Republican party of Rhode Island is soon to be held to select a candidate for Governor and also a delegation to represent the State in the Convention at Philadelphia, to nominate a candidate for President: And whereas, the public interests and the principles of the Republican party have alike been served and cared for by the present incumbents of the aforesaid offices respectively;

Resolved 1st, That the Republicans of Newport will hail with satisfaction the re-nomination of Ulysses S. Grant as President of the United States.

Resolved 2d, That our delegations to the State Convention be requested to urge most strenuously the re-nomination of Seth Padelford as Governor of the State of Rhode Island.

Some objections were made in regard to the last resolution and it was voted to consider them singly. The first resolution was then taken up, and adopted with immense enthusiasm.

The second resolution being called, Mr. Davis objected to the omission of the name of our honored Lieut. Gov., and moved that the resolution be amended by inserting the words "His Associates" after the name of His Excellency, Gov. Padelford. Mr. Fay explained that the omission of Gov. Stevens' name was unintentional; that he only included the heads of the State and United States governments in his resolution but was perfectly willing to accept of the amendment, if it could be limited to the Lieut. Governor's name alone. This latter modification was agreed to and the resolution as amended was unanimously passed.

It then read:

Resolved 2d, That our delegation to the State Convention be requested to urge most strenuously the re-nomination of Seth Padelford as Governor, and Pardon W. Stevens as Lieut. Governor, of the State of Rhode Island.

On motion of Mr. Fay it was voted that a committee of two be appointed from each ward to bring in the names of six gentlemen to serve as delegates to that Convention. The committee appointed consisted of David Stevens, James G. Topham, First Ward; H. H. Fay, John T. Bush, Second Ward; L. D. Davis, Wm. J. Swinburne, Third Ward; J. H. Greene, Samuel C. Bailey, Fourth Ward; Jeremiah Peabody and John G. Weaver, Fifth Ward.

This committee after a short deliberation reported the names of the following gentlemen as delegates: H. H. Fay, Geo. H. Norman, Daniel Brown, John S. Engs, T. Mumford Seabury and Wm. J. Swinburne.

The report of the Committee was unanimously adopted and the meeting adjourned *sine die.*

Mr. Editor:—Will you please inform the editor of the "Star" through your columns that he made a mistake in speaking of the bath of Councilman Thomas D. Stoddard. As the water was not quite deep enough to reach his neck he took a more humble position. And, besides, having a place to fill in the Common Council and Board of Fire Wards, the members of the First Ward would have been sorry to learn that they had lost one of the committee on the "bright lights" in that part of the city.

Fall River.

The News says the body of young Tetlow, who was drowned near Slade's Ferry on Friday evening, was recovered Saturday night, near the spot where he went down. A pencil and a 25 cent script were found on the ice where he broke through.

The remains of Capt. James Sherman, who died suddenly of heart disease, at his residence in Meriden, N. H., on Thursday, were brought to Fall River, and his funeral services were attended Saturday afternoon.

Martha's Vineyard.

The Vineyard Gazette gives a full account of the wreck of the schooner White Swan, on Cape Poge, with a cargo of lumber, and the rescue of her crew, by the sailor boys of the Vineyard. She was coming from Calais to New York, when she dragged her anchors and struck, a third of a mile from shore, on Cape Poge. Mr. Jethro Worth, assistant light keeper, walked to Edgartown, secured eight brave men, who took a boat and put out for the vessel, at the risk of their own lives. They reached Cape Poge, but could not get to the vessel. This was on Tuesday afternoon. On Wednesday morning the steamer Martha's Vineyard was put under steam, and taking a whale boat on board, made her way from Edgartown, through the floating ice, launched the boat on the windward of the schooner, and six good fellows volunteered to go in it, and thus saved the crew of six men who had been exposed to the bitter cold for 28 hours, without fire, food or shelter. They were so benumbed with cold they had to be hauled on board the steamer with ropes. But they were soon kindly cared for and made as comfortable as possible, though all had their feet frozen and frost bites on their faces and hands.

Peacedale.

The Peacedale Manufacturing Company of this village, will erect shortly another large factory which will be used for making worsted goods. The building will be three stories high, and in dimensions 50x180 feet.

A new, large and beautiful public clock has just been placed in the tower of the new Congregational Church in this village. It is of the Howland make, and like every other article that has been added to this fine church, is of first class material. It was put up and is also in charge of Mr. D. V. Graffam.

Gumption Cute, of Uncle Tom's Cabin fame, is to give an entertainment in Peacedale next Friday and Saturday evenings.

The National Union Republican voters of SouthKingstown are to meet at HazardHall Wednesday evening to nominate delegates to the State Convention.

The South Kingstown Teachers association held its meeting at the Academy in Peacedale village Saturday evening.

About half-past 5 o'clock Sunday afternoon, a little boy about 11 years old, named William Lee, was struck and instantly killed by an inward bound Milton train, at Little Neck Bridge, South Boston. With some other boys, he was running across the track in front of the engine, an habitual trick with the boys who reside in that vicinity who ought to take warning from this sad occurrence.

The Tribune has well-founded assurance that a strong, well directed movement by parties high in political and financial circles to dislodge the Erie Ring from power will be made.

FROM WASHINGTON.

March 11, 1872.

The Friends of the Negro.

Mr. Rainey told Mr. Cox the other day that this bill would test the sincerity of Democratic expessions of friendship for the negro and the colored people have their answer not only in this persistent opposition, but also in the attempted action of the House today, which again did its part toward relieving a large number of ex-rebels of the South of their legal and political disabilities.

Wholesale Enfranchisement of Ex-Rebels.

It has now come to be so much a matter of course that these bills will pass without even reading the names of persons to be relieved, that when one bill was offered to-day the Speaker attracted the attention of the House, and suggested to all members who had amnesty bills to send them up at once. Some one suggested that in this loose way the name of Jeff. Davis might get into a bill, but the Speaker said he had guarded against such contingency, by directing the Enrolling Clerk to report to him if the name of Davis appeared.

A Wrangle Over the Service Question.

A large portion of the afternoon was taken up by Messrs. Trumbull and Morton in wranging over the recommendations given by each for office. Messrs. Pratt and Scott had also each a hack at the civil service question, and finally $50,000 was voted to enable the President to carry out his ideas on this important matter.

The Postal Telegraph Bill.

Which was introduced today by Mr. Palmer of Iowa is substantially the same bill that was introduced in the Senate by Mr. Ramsay, and is now pending in that body.

Petitions Presented.

Mr. Buffinton presented today a petition of citizens of Boston and other parts of Massachusetts for a light on Block Island; referred to Committee on Commerce. He also presented a memorial of W. W. Avery for the repeal of the duty on type; referred to the Ways and Means Committee.

A Verdict in an Important Railway Suit.

BURLINGTON, Vt., March 11.

The important case of Shepard Knapp and Geo. Briggs, Trustees, vs. the Troy and Boston Railroad Company, which has been for two weeks on trial before the United States Circuit Court for the District of Vermont, Judge Smally presiding, ended today with a verdict for the defendants. The suit was brought to recover $300,000 for the alleged breach of the covenants of the lease of the Western Vermont Railroad.

The End of a Noted Divorce Case.

PHILADELPHIA, March 11.

The celebrated divorce case of Dr. Koecker and wife came to a romantic conclusion this morning by the parties compromising their difficulties and reuniting. The counsel for the lady acknowledged that the witnesses who testified against the husband were mistaken. Mrs. Koecker became deranged on becoming convinced that her charge was unfounded, and is now in a critical condition.

Periodic Disorders.

The paroxysmal maladies which are characterized by heat and cold, prevail extensively at this season, and it is a curious fact that in many parts of the country where they are prevalent, other diseases, that bear no general resemblance to fever and ague, or remittent fever, assume a periodic type. Thus, in many sections infested with chills and fever, rheumatism, neuralgia, hysteria, diarrhœa, &c., sometimes become intermittent, thereby indicating that they have been engendered by the same poisonous exhalations which produce the first named disease.

In all these *marked cases of ague*—for such they are—as well as in the regular intermittents, the most safe and reliable remedy that can be administered is Hostetters Stomach Bitters. Neither quinine nor arsenic are needed. Both are in the highest degree dangerous, and are sure to leave sad traces of their poisonous action in the system, whether they arrest the paroxysms or not. In many instances all the so-called specifics of the "regular materia medica utterly fail to "break up" intermittent and remittent disorders. But the great Vegetable Tonic never fails. The spasm of the minute blood-vessels which causes the chill is the result of nervous weakness, produced by the debilitating operation of an unwholesome atmosphere, and the tone and vigor given to the nervous system by the Bitters, enable it to throw off the disease. The wiser policy, however, is to anticipate attacks of this nature, by arousing all the latent energies of the body at the commencement of the moist and chilly season, with this incomparable antidote. By pursuing this course, intermittents, remittents, rheumatism, colic, biliousness, dyspepsia and pulmonary affections may always be prevented.

Dead men tell no tales! if they did, anathemas against the depleting lancet, the drastic purge, and the terrible salivants of the materia medica, would arise from every graveyard. The motto of modern medical science is "*Preserve and Regulate, not destroy*," and no remedy of our day is so entirely in harmony with this philanthropic logic as DR. WALKER'S VEGETABLE VINEGAR BITTERS. In this powerful, yet harmless restorative, dyspepsia, bilious complaints, and all diseases of the stomach, liver, bowels and nerves, encounter an irresistible antidote. mar6-1w

The Celebrated Quaker Bitters—A Great Spring Medicine.

Why do many people in the Spring of the year feel weary, weak, languor of body and mind, which if not removed, often results in dangerous maladies, a morbid sensation, &c.

It is because nature at this season of the year is undergoing a great change. She commences to germinate, to generate, to propagate, to build, to renovate; this great law is palpable in all the animal creation, hence the necessity of a counter action.

The aged are more susceptible of nature's changes than the young, because the power of repelling disease is not so great, consequently requiring more vigilance.

Those past the meridian of life, at all seasons of the year, are greatly benefitted by taking a few bottles of the Quaker Bitters. It produces new life, energy, and consequently happiness.

HALF A MILLION DELIGHTED READERS

of SOPHIE MAY'S POPULAR BOOKS, the "Dotty Dimple" and "Little Prudy Stories" for young people, will rejoice to learn that

ANOTHER GREAT TRIUMPH

has been achieved by

SOPHIE MAY'S

"grown up" story

THE DOCTOR'S DAUGHTER

One Handsome Illustrated volume, cloth, $1 50, just issued, which has already had a very large sale and which is winning golden opinions from the critics of the press.

Do not fail to read it!

All the tenderness, earnestness, and jollity which characterize her writings for young folks, and which cause them to be as eagerly sought by parents as children, abound in this story for older readers.

"Bright as a sunbeam, natural as life itself, unpretending as real goodness, and sanitary as the personal effect of pure spring water."—*Bost. Transcript.*

"The book is made up of wholesome, commonplace experiences, so charmingly told that from first to last the interest never lessens."—*Hearth and Home.*

"All the young girls of our acquaintance pronounce it splendid."—*Portland Transcript.*

"'The Doctor's Daughter' should be classed with such books as Mrs. Whitney's 'Real Folks' and Miss Alcott's 'Little Women,' and high praise as it may seem, we feel inclined to say it is equal to either of the stories mentioned.—*Crocker's Literary World.*

The virtues of simple Tea as a Hair Tonic and Preserver have long been known, but no attempts have been made to extract the oil scientifically.

By a process peculiar to this preparation, the

Essential Oil of the Tea Plant

has been added to other vegetable extracts, and an

UNEQUALLED TOILET ARTICLE

FOR THE HAIR IS THE RESULT.

It is especially useful to prevent the hair from falling out or growing thin, and as a wash for the scalp, to stimulate the hair bulbs and prevent the gradual decay and loss of color in the structure of the hair tubes. Price, $1,00.

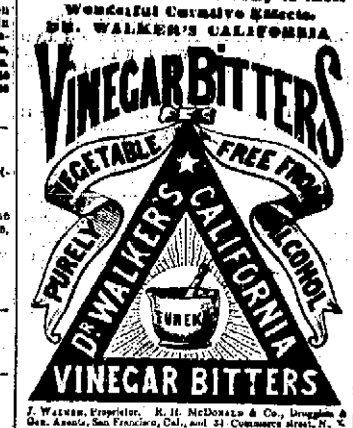
A GREAT MEDICAL DISCOVERY

MILLIONS Bear testimony to their Wonderful Curative Effects.

DR. WALKER'S CALIFORNIA



J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. **Such Diseases are caused by Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of *Dyspepsia.*

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

"PATENT PAPERED WOOD HANGINGS,"

Parties Decorating their Walls and Ceilings should carefully examine the merits of the WOOD HANGINGS and not accept the unfavorable reports of interested parties. Instead of throwing away your white doors or having them grained or putting in solid hard wood, you can have them covered with Wood Hangings, putting in solid mouldings, saving a great expense.

Office of JAMES Y. SMITH & NICHOLS,
No. 56 Westminster Street.
Providence, R. I., April 20, 1870.

CHARLES W. SPURR, ESQ., 43 Summer St., Boston.

DEAR SIR:—Our Union Bank decorated their banking rooms with your Wood Hangings two years ago, which has been much admired. The work stands well, no showing of its giving out in any way. Hope you are successful in introducing the same.

Very truly,
JAMES Y. SMITH, President.

ERIE RAILWAY, JOHN S. DUNLAP, N. England Agent,
174 Washington Street, Boston, June 24, 1870.

CHARLES W. SPURR, ESQ.

DEAR SIR:—I have your favor of the 1st, referring to your Wood Hangings. About a year since I had it used in the dining room and halls of my house, and to date I am perfectly satisfied with it in every particular.

Very truly,
JOHN S. DUNLAP.

SELWYN'S THEATRE, MANAGER'S OFFICE,
Boston, May 5th, 1870.

CHAS. W. SPURR,

SIR:—I wish to say that your Wood Hangings have been on the walls of the Vestibule of this Theatre since August, 1868, and have proved entirely satisfactory. As the walls were plastered, and the Vestibule very much exposed to the varied changes of the weather, there were serious doubts of the permanency of this style of decoration, but those doubts have been entirely removed. And the truth of this is manifest to the many who come to see and judge for themselves, and who admire its beauty and novelty exceedingly.

I remain yours truly,
JOHN H. SELWYN.

TRANSCRIPT OFFICE, Boston, May 10, 1870.

CHAS. W. SPURR, ESQ.,

DEAR SIR:—The Wood Hangings you put upon my house, No. 14 Montgomery street, has stood the test of two years' use, to the entire satisfaction of the family. It is as firm on the wall as the day you left it. The heat or moisture has not caused the wood to peel in a single spot, and I see no reason why it will not remain so for years. I can cheerfully recommend its use to all, in preference to paper in a dining room.

Respectfully and truly yours,
H. W. DUTTON.

These Wood Hangings are manufactured and for sale at **No. 522 Harrison Avenue, Boston.** Persons desiring to see these Hangings already, or will be referred to parties in Newport by inquiring at the DAILY NEWS OFFICE.
